LGBTQ+IA*

Books featuring transgender, non-binary and genderqueer characters

Updated Jan. 2020

Birthday by Meredith Russo (2019)

Born in the same hospital on the same day, Eric and Morgan grow up together as best friends, through six years of birthdays they discover who they are meant to be, and if they are meant to be together.

I Wish You All the Best by Mason Deaver (2019)

Thrown out of their parents' home and moving in with their estranged sister after coming out as nonbinary, Ben De Backer struggles to endure an anxiety disorder and the last half of senior year while bonding with a charismatic new friend.

Mooncakes by Suzanne Walker (2019)

Nova Huang, teen witch, works at her grandmothers' bookshop, where she helps them loan out spell books and investigate any supernatural occurrences in their New England town. One fateful night, she follows reports of a white wolf into the woods, and she comes across the unexpected: her childhood crush, Tam Lang, battling a horse demon in the woods.

Once & Future by Amy Rose Capetta (2019)

Resets the Arthurian legend in outer space, with King Arthur reincarnated as seventeen-year-old Ari, a female king whose quest is to stop a tyrannical corporate government, aided by a teenaged Merlin.

Out of Salem by Hal Schriever (2019)

When a local psychiatrist is murdered by what seems to be werewolves, a small town becomes even more hostile to "monsters," and Z, a genderqueer orphaned zombie, and Aysel, an unregistered werewolf, are driven together in an attempt to survive a place where most people wish that neither of them existed.

Pet by Akwaeke Emezi (2019)

In a near-future society that claims to have gotten rid of all monstrous people, a creature emerges from a painting Jam's mother created, a hunter from another world seeking a real-life monster.

Stage Dreams by Melanie Gillman (2019)

In 1861, Grace, a runaway, and Flor, a stagecoach robber, join forces to thwart a plan by the Confederate Army in the New Mexico Territory.

A Quick & Easy Guide to They/them Pronouns by Archie Bongiovanni (2018)

The concept of gender-neutral pronouns is introduced through a graphic novel tale of Archie, a snarky genderqueer artist, and cisgender Tristan, who is looking for an easy way to introduce these pronouns to his diverse workplace.

As the Crow Flies by Melanie Gillman (2017)

A queer, black teenager finds herself stranded in a dangerous and unfamiliar place: an all-white Christian youth backpacking camp.

Dreadnought by April Daniels (2017)

After inheriting the powers of Dreadnought, Danny Tozer's hidden transgender identity is brought into the open when her body assumes the gender she identifies with, bringing personal complications just as she is forced to face the original Dreadnought's killer.

Meanwhile, Elsewhere: Science Fiction and Fantasy From Transgender Writers (2017)

Choose from twenty-five preset post-realities! Rejoice at obstacles unquestionably bested and conflicts efficiently resolved. Bring de-nouement to your drama with the foolproof augmentation device for our contemporary utopia.

When the Moon Was Ours by Anna-Marie McLemore (2016)

As their deep friendship turns to love, Latina teenager Miel, who grows roses from her wrist, and Italian-Pakistani Samir, a transgender boy, fear their secrets will be exposed by the beautiful Bonner girls, four sisters rumored to be witches.
